Brrrrr....

It is getting too chilly for our dancers to be waiting outside between classes. We will be opening a waiting area space for our dancers who are waiting between classes. Bright Spark space next door to our studio will become a safe, warm, spread out waiting area for our dancers. This is a reserved area for dancers who have waiting time between classes. This is not a space for early drop offs and should only be used between classes.

An adult staff member will be supervising the space to ensure safety for your dancers!
Thankful for those who helped AOTA be able to provide this space!
